## LATEST TRAVEL UPDATES (24 September 2021)

Please find the latest update on the travel protocols to be followed while entering Nepal.

1. There is no quarantine rule for fully vaccinated travelers, but they need to make sure that they have received their last dose at least 14 days before they enter Nepal.

2. On arrival visa service has resumed for fully vaccinated travelers. They need to present the following documents at immigration:

- Vaccination Certificate with proof of 14 days after the last dose

- RT-PCR negative test issued within 72 hours or less before first flight
- Proof of hotel booking
- Print copy of filled International Online Arrival Form available at CCMC website ([https://ccmc.gov.np/arms/person\\_add\\_en.php](https://ccmc.gov.np/arms/person_add_en.php))
- Permit copy of mountaineering or trekking

3. There is no on arrival visa provision for non-vaccinated travelers. They need to have prior visa from Nepalese Diplomatic missions in their respective countries.

4. Non-vaccinated travelers need to stay 10 days in quarantine at their own cost in the hotels designated by Nepal Government. <https://www.tourismdepartment.gov.np/pages/notices/33/195>

5. Upon arrival, non-vaccinated visitors need to present all the documents specified in no. 2 (except vaccination certificate), plus proof of quarantine hotel booking

6. All travelers should have rapid antigen test while entering Nepal. If found positive, they should be in quarantine at the hospitals or isolation centers designated by Nepal Government.

However, there are some TRAVEL limitations, in the event that you submit to the standards, going to Nepal won't be an issue. With the Government's forceful immunization crusade, over 19% of the complete populace is completely inoculated and over 21% has as of now accepted their first portion.

As tourism professionals belong to the prioritized frontline groups, above 95% of the tourism workers have been fully vaccinated by now (97% in Khumbu and Mustang region).
